

Stewart's Country Market

This thoughtfully designed, multi-tenant building enabled the client to offer a convenient, high-quality facility - which was subsequently rewarded with a 2006 Foodland Ontario Award. While the main grocer area remains the anchor tenant, a full service Pharmacy and LCBO complement the layout and offers essential, one-stop shopping for the surrounding community.

One of the most sincere features of this facility includes a hitching post - in observance and recognition of the local Menonite Community.
